The Premises:

I visited the Massage Parlour in Leicester, located in naugbrough road. The premises from outside look fine as it is inside. Clean toilet and room, where I was.

The Lady:

I had to chose her among other girls who were standing infrontof me because she smiled while I was introduced by their names. Late I found out She is Romanian and her age 27. She is slim, around 5'5 tall without hills, pretty face brunett.

The Story:

Well this is the worst part! The bad experience I have ever had, I have visited other parlours but never experienced, lack of respect, argumentative attitud, unwillingness to provide the service properly it was beyond my comprehension. By her own admission she wasn't good giving a massage and I volunteered to give her one. I payed the money for 30 minutes service and 19 minutes passed she was rushing me to finish. In a missionary position she was puting her hand on her vagina and making the penetration and motion uncomfortable, I asked her to move her hand away but she stated that she was preventing the condom from braking and my dick is big for her. I asked her to be on top and She was again holding my pines half and avoiding total penetration which was uncomfortable. I asked her to lye on me but she said: "I don't do body contact". I told her that the service she was providing wasn't the right one and she start wanking me with the intention to make me cum quickly but the way she was doing it blocked my feeling. At this point I said to her to stop as I was uncomfortable with the all situation and she stood up and said: " if you don't cum, your time is over" I was stunned, and felt that I was scammed. I sat for little while trying to comprehened what really happened. Leaving the premises I have noticed two guys siting with the masseuses so discretion is violated. This is my honest experience and please if are planing to visit the place think twice because I was let down and it can happen to anyone.
