### The Story:

Communication was timely. Arranged a price, she wanted half for a deposit, I said no so she said she would let her driver take the money. They turned up at my door, I paid, she said she'd forgotten her phone, I only cottoned on properly then but by the time I got to the car they had locked the doors and drove off with me clinging to the handle like the idiot I had been. Felt people needed to be warned.
