The Premises:

first time visiting these premises and what can I say they are spot-on

The Lady:

I knew Heather from soft touch bodywork and I thought she's retired but I'm glad she's back her photos are spot-on she's like a beautiful porcelain doll.

The Story:

Despite having seen a number of girls over the years I have never been compelled to write about my experiences (my apologies for taking so long), but felt it necessary to address the surprising lack of reports about Heather. This girl is simply stunning & a credit to her establishment.

Booked Heather for 30 as I knew would be going past on the M1 and I could do with a little bit of relaxation and Heather hasn't changed a bit since I last saw about two years ago. The whole experience was mind blowing and Heather continually coming up with new suggestions to satisfy me .

I'm no spring chicken, no stud, and by rights shouldn't be in a room with a lady this gorgeous, but she was able to display a level of gentle intimacy that I had forgotten that we had before. A filthy mind she may have (as have I), but treat Heather with the respect and she will respond wonderfully.

She gives the most amazing experiences OWO is amazing to start with then went to a few positions before Heather could feel that I was about to shoot my load she whispered to me cum on my tits. I pulled out she whipped the condom off and use her hand to cover her perky breasts in warm cum

As long as she stays in the industry she will be my first choice
