The Lady:

Body purely built for sin to put it simply Mia makes me think of an American cheerleader, gorgeous hair toned body and an all over tan and believe me you'll find out that it's all over I think it's fair to say this girl loves the job and getting naked.

The Story:

(Okay as I continue to endeavour to make amend to my lack of reviews) Have not been to ego in about a month but I'm currently working local to Milton Keynes. I usually only books the more older girls for massage Poppy Sasha but decided on a change.

When Mia came in we did the money thing first and then we got undressed together, seeing Mia's all but, naked apart from a pair of stockings was a sight to behold.

Mia politely asked me to lay facedown on the massage table, it all went so so from what I remember. After a while, Mia's hands slowly found their way in between my legs and thighs, by this point I was rock solid and I'm thinking this girl is going to make me cum before she has even started she lightly lifted my hips and slid her oily hands into the toyshop and stroked and massaged until I had to lower my hips to stop her.

I think she got why.

Mia then climbed on top of me and started the body to body feeling a warm naked body slowly working its way up is just heaven I could feel breasts in My lower back she slowly slid her way up my body until that teenage fit freshly shaven naked body was laying completely on top of me this is heaven I'm thinking, as her head was next to mine she softly whispered in my it's time to turnover.

As I turned over she placed a pillow under my head. It was only really now I saw just how toned she

is so we got talking about fitness and she was telling me about her diet the fact she trains with one of the very best person trainers around not bad I thought. Not wanting to be out done here I may have come across as slightly arrogant. But i did at this point mention that I play competitive badminton and I've recently got into hot yoga. She didn't say anything at this point... but I feel she was quite impressed I jokingly asked her if she would like me to show her some yoga positions she said "NO" quite quickly, but this may have been because its something she hadn't done before.

The front massage when quite quickly and before I new it Mia had climbed on top and was straddling one of my legs whilst covering my still solid cock in cool massage oil. She placed one of her hands next to my shoulder and ran her breasts all the way up my body while still massaging my cock with the other, it was at this point I noticed the conveniently located mirrors giving me a perfect view all the way around her body.

Then still kneeling between my legs, she staring at me with those smoky, seductive, dark eyes of hers while slowly running her tongue along her lips she began rocking backwards and forwards as if she was riding me while clamping my cock between her 2 oily warm hands. Watching her young, pert, firm breasts starting to sway back and forth was almost hypnotically beautiful. I stared down my body passed her hands gliding up and down, to her pussy. Maybe it was a leftover oil from the body to body but from where I was laying it looked like the first tantalising drops of moisture. I gazed up at her she whispered softly "just close your eyes" after a few moments with Mia's amazing technique I could hold on no longer.

Mia's certainly made sure she got every last drop out.

I'm convinced only her hero would be able to resist those refined techniques but I'm happy to report thats not me :))

she truly is one of the best
