### The Premises:

A small bedsit just a few minutes walk from Paddington station main entrance. Clean and functional.

### The Lady:

Similar to the photographs and agency description although with less of a punk look.

### The Story:

I was in transit through London and decided I would have 30 minutes spare - so my choice was between a coffee at Starbucks or a shag at Paddington. This is the first 30 minute punt I ever did so this was uncharted territory! I wasn't sure how rushed the experience might be plus, to be honest, I traditionally go for two pops and I wondered if just having the single pop in 30 minutes would leave me needing more.

Anyway, the result was brilliant. Allegra was truly welcoming and soon put me at ease. However, what really made the difference was how she seemed to read my mind regarding my preferences. After a quick wash of the bits she got to work without any instructions from me. She started at the top and then slowly applied her oral skills downstairs. Then she turned round and tempted me with her arse in my face. A few pecks of the arse cheeks and she manouvred herself for 69. Then after a while she turned round, applied the condom with her mouth and got to work riding me. Sheer brilliance.

All done in 20 minutes. Another quick shower and out the door to catch my train.

Did I want more? You bet I did. I happened to be passing through London the next day and tried to book her then for a longer session but, alas, she wasn't available.

Definitely on my list for another visit. I have worked my way through a number of ladies in the Rosebud top 10. Allegra deserves to be at the top - on a par with the recently departed Estrella.
