### The Premises:

Very modern, not visited these new apartments before but they are light and clean. Could do with a fan or two though as it was quite warm.

### The Lady:

Normally I find myself being pleasantly surprised and state that the pictures don't do the lady justice, not this time.

Not unattractive at all just not what I had expected from the photos.

### The Story:

Having frequented Annabellas for a number of years due to the quality of ladies on offer, this was a major disappointment.

The experience felt like I was with the wife, which is the exact opposite to what I look for in a punt. Having been told not to squeeze her bottom in case it left a mark(?), to be gentle when touching her downstairs and having her legs push together whenever I ventured down that area, I was on the verge of walking out, something I've never done before. Just to confirm, I am always gentlemanlike when with a lady, which made the comments even more of a surprise.

Keleigh has recently undergone an operation which meant that she refused to be fully naked, which on it's own is fine but with everything else, I felt like asking exactly what I could do and touch because there were clearly many limitations.

Having had so many great experiences over the years with warm welcoming and accommodating ladies, this visit has left me wondering whether to go back.

Oral was good but even then I had to finish myself off as Keleigh was concerned not to get any spray above her chest, holding her hands horizontal above my manhood. Not very erotic. Once I'd unloaded, that was it, no warmth, no cuddle or caressing, just small talk.

Perhaps Keleigh had an off day which we are all entitled to, but that doesn't stop me feeling disheartened and disappointed over the meeting.

There was no maid available to complain to with only Angel the other person in the apartment, otherwise I would have.

The only plus was that when I got back into the car, I found out England had beaten Wales.
