The Premises:

It was easy to find Christine's accommodation, once I had been given the location. It's in a great location within minutes of public transport.

The Lady:

Christine is a very attractive girl with pictures to match, although in the flesh she is much cuter. She has curves in all the right places, and knows how to show them off.

Christine is fun to chat with, has a GOSH, and has some great stories. She is really intelligent and I'm sure I could converse with all really easily. One of the best GFEs I've ever had.

The Story:

Initially we began with some heavy snogging, with great French kissing. Following my shower, Christine removed her lovely dress to reveal her wonderful figure, leaving on her stockings and suspenders. More heavy kissing followed by the bra removal, and on to Christine's sensitive nipples. Then Christine went to work on me, playing with my cock and balls. Next we bought out some toys to enhance the fun, and it certainly did. By now we were ready to have sex, we enjoyed missionary with Christine's legs raised up, allowing me great penetration, she was very active as well, it wasn't just me doing the work. Afterwards we enjoyed some great oral on each other. Christine has a very tasty pussy, she has a laser hair removed pussy, and it was a pleasure. This was equally matched by her ability with blow jobs. I was offered a shower afterwards, with lots of choice of men's toiletries. As far as girlfriend experiences go, this was certainly one of the best I have enjoyed. Christine focuses her attention on me during our encounter, which I found highly erotic. I will be back for more.
