The Story:

Zara is described as being a gfe, supposedly a perfect companion. However. Apart from looking sexy she wasn't really interested, no kissing, no oral without, she just pretty much wanted to lie there and get it oversight quickly. Zara didn't seem interested in anything, oral was slow and Zara kept asking if I was ready to move onto sex to which I said yes as I could tell she was bored.

We had some very quick sex in one position and I left. I couldn't get out of the flat quick enough. Although this lady is attractive her heart simply isn't in it. When I asked her if she even wanted to do this job and why did it feel so rushed she said that most men are happy with no kissing, oral with and no gfe. She said most men were happy with her service and to just talk. Hmmm.. Make your own mind up but I wont be going back.
