The Premises:

The entrance is at the rear of the building and you go through the door into a small room before they let you in through the next door which is locked.

The Lady:

Brandy is a quite tall black woman with a very nice body and very friendly, photos on site are accurate.

The Story:

I was shown into the room and Brandy came in a few minutes later, she first gave me a massage then I turned over and as she played with my cock she asked me what I like to do, she said she did OWO dom and ws all for extra money.

I agreed to OWO for an extra £10 and she licked and sucked my cock for a while before rubbing her big tits on my chest and kissing me, then more oral while I played with her tits.

She did seem to want me to come as soon as she could so I asked if I could lick her, after a couple of minutes of this she made a lot of noise and moved her hips a lot and told me she had come.

She was trying to get me to cum again so I asked to fuck her, on with a condom and I got on top of her but she didn't open her legs much so it was difficult to do it properly.

She said I could cum on her face for an extra £20 but I didn't as I thought it was a bit too much as I had only been in the room for about 15m.

Brandy is a very good looking woman and she is good at what she does but everything was rushed and she seemed to want to finish as quickly as possible, if I could get her to slow down and not keep rushing to finish I would see her again but I don't think she will be any different next time so I will not see her again.
