The Story:

Two girls working on this day Simona who is a tiny bit very sexy looking girl who gave me a fantastic punt on a previous visit but this time I decided to try Elena. She looked hot dressed in a one piece top with pert breasts oozing out. I asked her if she could put some stocking on for me and she almost sneered at the idea and said she didn't have any. OK she still looked good but first inkling this was not going to be a great punt. She came back to the room quickly and she asked if I wanted a massage to which I said yes and laid on my front on the bed. She proceeded to pour lots of oil onto my back without asking. Fortunately today it didn't matter but normally I might have a hard time explaining it when I got home. The massage wasa not sexy at all. I usually like a nice massage that gradually increases the sexual tension by ticking my inner thighs and balls, love it, makes me so hard and ready to play when I turned over. Elena's massages was far from sexual. She just rubbed the oil into my back, no tender teasing at all so now disappointment 3, not looking good. After less than a minutes I was asked to turn over and she immediate got a condom on me and began to suck my cock. This part was not bad but I had to ask for her to let me fuck her. She said "I don't get on top" with another sneer. Fine, what position? She just lay on her back and didn't really do much at all. I ended up pulling out and got her to wank me off over her belly. That part was good, nice vigorous rubbing and the blow job hadn't been bad but overall not a particularly good punt. Oh almost forgot she never got undressed and I had to ask her to fuck me and take her knickers off so I never got to see how good her tits were.

I certainly will not see her again.
