The Premises:

Well known and the friendliest and most well appointed of parlours. Nice opps for sneaking looks at passing escorts.

The Lady:

A good looker with a candid, attractive face, a direct look plus a nicely curvy body.

The Story:

I had seen Paris before and had a great time and since then I always enjoyed our little flirts if we bumped into each other while each of us was sorting out different punts.

The time came to get to grips with Paris again and I wasn't disappointed.

Paris is a can-do girl though obviously with some limits but I didn't come up against them despite enjoying her body to the nth degree.

Kissing, oral without, licking and sucking the usual bits. Her nipples respond very well and Paris lets you know when your oral on her hits the spot.

Sex was possible in any position and a stray finger around her bum was not discouraged.

I haven't done the fun we had proper justice - Paris is a great fuck and fun to play with.
