### The Premises:

Met her in the flat that the agency uses, located near Edgware Road station. The flat looked clean and had all the facilities, even a kitchen. However, note that it's on the 5th floor and there are no elevators.

### The Lady:

Pretty much what the website tells you. She looked like her photos, although of course they were photoshopped to some extent. I am generally not very good at telling what age a person is, but I am pretty sure that she is somewhere between 24 and 30. She had some pubic hair, but it was obviously trimmed. Enhanced breasts.

### The Story:

I got to her place by tube and was there at about 10:05. Buzzed the door and she let me in. Although her English wasn't that great, she made sure that the atmosphere was nice and relaxed. She greeted me in her underwear with a see through dress (not the one on the website).

We kissed and I asked her for a massage. She was pretty good and I enjoyed it quite a bit, considering that I had a long trip that day. I told her to stop at about 10:25 and she proceeded to give me OWO. We fucked (protected) for about 20 minutes in various positions. I asked her to be on top for a little bit, which she did, but I wouldn't say it was great.

By 10:45 she was quite tired and it was painful for her, which is why she kept asking me to cum. I would be quite disappointed in the outcome if not for her handjob and OWO after this. I can confirm that she is very good at that and she does CIM.

After I was done I took a quick shower and started preparing to leave when I heard that someone came into the flat. I was told that it was Elsa and now that I've checked her on the website I can confirm that she looks like her pictures (but again slightly photoshopped).

Overall, it was a good experience and I would recommend her. Note that I am not a regular punter, so I cannot compare her to other escorts.
