The Story:

Rosie used to work at Ego but HS been on sabbatical for probably more than a year. When I saw the advert on twitter about a certain new person, I decided to go check.

It was a pleasant surprise to see her. The same old one and only Rosie. She knows where to find all the right pressure points. It was such a huge relieve. She instantly detected that I must have been sitting facing a computer for a long time and gave me a fantastic massage. I have always said it's just not enough rubbing oil on people if you do not know what you are doing.

I will try and see her every week. Wish she was working 2 days a week at least. She is really the best for now at Ego
