The Premises:

Fine modern apartment with shower and big bed.

The Lady:

A striking lady with very short hair and a fine, athletic figure including gorgeous boobs. Not English but very good command of the language so no communication problems.

The Story:

I had noted Alexa as a wished-for punt many months ago and luckily noticed she was back in the area.

On meeting we were quick to sort out the money and the shower and then we had an increasingly less tentative cuddle - in fact I loved how we began as strangers and went at high speed through to fully involved lovers in the 30-minute span.

After the fondling cuddle, we moved onto the bed and Alexa and I took turns in stimulating each other with increasing enthusiasm and effect.

Our hands weren't refused anywhere and oral on each other brought appreciative noises before a really intensive and satisfyingly extended bout of sex that became love making.

I loved this lady.
