The Story:

Harper came to see me the other night, when she arrived she looked gorgeous. She arrived on time and the agency telephoned me to say that she had arrived and was on the way up. She is so easy to talk to I felt I had known her for years. As she says in her profile, she has the most fabulous boobs and I defiantly have to agree with her on that. She really is lovely. We had so much fun. Thank you for a lovely time Harper. Hope to see you again sometime.
