The Premises:

A modern flat about a 5 minute walk from London Bridge Station. It was located in a quiet street and the entrance was very discreet.

The Lady:

A busty 36D, dark haired girl, probably in her early 40's. She was very friendly throughout my stay.

The Story:

I had a really enjoyable session. I opted for a massage/relief service. The massage wasn't really a massage more the tickling stroking kind. However, it certainly got me aroused especially as it mostly focused on my balls. When I turned over I was already erect and that was further aided by feeling Indra's breasts. To me 36D is quite big, but she disagreed. Anyway, they were firm and I duly sucked on her prominent nipples. The relief was performed expertly. Most girls grip it too tight, but Indra's touch was light and she stroked me slowly. It was a wonderful release!
