The Premises:

Discreet, well looked after block of flats above a grocery store. The entrance is discreet, it is on a main road which has parking (have to pay) down the road from the tube and generally quite safe. Her flat is very well furnished and looked after which is a rarity nowadays.

The Lady:

Bebe is a mature lady however her body is petite and looks far younger. She is a small lady but with wonderful features and a pretty face.

The Story:

I booked Bebe at short notice, she insisted on a telephone call so we could talk about what I was after. Having done this and found a suitable date I came to hers. After sorting paperwork out, I was invited to a shower and offered an assisted one - I declined - however I will take up the offer next time! Once in the bedroom, Bebe started with some light kissing and then offered to give a massage. She is a professional at this, and set me up for turning over. She knows what she is doing, her blowjob was excellent and just the right sort of attention you want. We then began penetration (protected), she was tight and a star. Tried a number of positions until the vinegar stroke. I was then invited for another massage and a shower straight after. She's an excellent conversationalist and very welcoming. I will be back here very soon! Being polite pays off.
