The Premises:

An apartment in a well-known block in South Ken. Fiona was asleep when I arrived having forgotten about my visit, so both she and the room were a bit unprepared! Her room was standard for the this particular block.

The Lady:

Fiona was a bit concerned about what I had thought of her when she opened the door to me, having just emerged from her bed! But she needn't have worried. Fiona is a naturally pretty girl, and needs little make up. She has long dark hair and is nicely tanned, with lovely eyes and full lips, and she is blessed with a delicious, curvy body with delightful breasts. We drank some wine and talked a little about her home in Romania – she's a sweet and funny young lady, just 22 years.

The Story:

I took a shower while Fiona tidied up the room and herself. On emerging from the shower, I found Fiona in her underwear, having applied a little make-up and still apologetic for the mix-up. During our chat over wine, I asked whether she charged extra for any service, which she did for CIM and a facial.

There was not so much time left after the showering and chatting, but on the bed kissing was tender and with tongue and – perhaps because of the original misunderstanding and the lengthy conversation afterwards – sex felt quite natural and mutual. I sat astride her, and she sucked me as I reached behind to stimulate her. When I came in the end it was neither CIM nor a facial, but a perfect pearl necklace.

An unusual meeting, but a very enjoyable one. I liked Fiona a lot, it felt we got to know each other quite quickly; and I found her very sexy even in her less-than-prepared state. She's certainly someone I hope to see again, although I might try a lunchtime meeting next time!
