The Story:

On a whim, I decided to pay Olivia a visit. I arrived a bit early and was shown into a room downstairs. It was pleasant enough, and I waited feeling a combination of excitement and slight nervousness as sometimes photographs aren't totally accurate and I just won't like the lady, or as it was towards the end of the day she might be tired, and be in a hurry. It can happen!

I was unprepared for the delight that was to follow, when I walked Olivia, and my worries were forgotten immediately.

My first impression was that she slightly resembled a young Carol Vorderman, which is not exactly a bad thing. Her figure is curvy in all the right places, and she has a lovely friendly manner about her. If she was a bit tired she certainly hid the fact, and made me feel so welcome.

The next 30+ minutes were a blur of groping, kissing and fondling, interspersed with Olivia demonstrating her wonderful skills down below. Afterwards we chatted in her all round warm, friendly manner.

I'm sure anyone who pays her a visit will come away as I did, i.e. walking on air and with a grin that won't go away.

I'll be back and wonder if you can buy a season ticket for her. She's a credit to this particular establishment.
