The Lady:

Cristal is a gorgeous blonde with a lovely figure. The photographs on her website are accurate and the ones with her dressed in expensive lingerie are a taster of what you can expect when you meet her. What they do not show is her lovely face with hypnotic eyes that just melt you when she looks lovingly at you.

The Story:

Cristal has been one of my favourite escorts over the last couple of years so when I decided to try out a longer outcall visit including an overnight stay, she was my obvious choice. I researched the hotel carefully so it would be easy enough to avoid suspicion and met her there. One of the great things about Cristal is that she is so easy to get along with and the extended time spent in her company was fantastic as we were able to enjoy the social side together as if we were a real couple. The time together in the bedroom was exceptional. Cristal had brought along a selection of superb lingerie which really excited me as she looked so damn hot. Her kissing is fantastic, the best precursor to sexual activity in my book. Cristal just loves oral and she orgasmed a number of times with my attention on her. When she started on me the oral without was amazing and ended with my first pop. The beauty of a long session with her was that I did not have to rush to get a second pop in and it just happened naturally when we started again with her riding me in cowgirl position. Laying next to her and not having to get up and leave was a fantastic change for me and well worth my financial investment. The second day brought yet more sexual activity and also quality time spent with a lovely lady. Cristal really made an effort on this date to make it a special time for me and I could not have enjoyed it more. It has been one of my wish lists in escorting to do an extended date and this was a really special occasion.
