The Premises:

The usual fantastic setting and parking at this establishment.

The Lady:

OMFGG!! This girl would have the queue going all the way to Staples, if she had her face pics on as well!! The sort of siren that you'd see on a Sunseeker yacht advert. Utterly stunning.

The Story:

So she has the personality to go with the looks and the body (pew - was literally a punt today). She has this enrapturing combination of sassy confidence, along with being completely down-to-earth and approachable. I say 'approachable' because in the real world - I'd never have the guts to walk up to a woman as gorgeous as this - even to ask for directions!!

The details - will obviously vary from punter-to-punter - but I'd say the clean, respectful types will get one heck of a ride, as I did.

Thank God for this industry - as without it I literally would not meet, let alone be allowed to ravish, a vixen as gorgeous and delectable as this.

I have duly warned my bank manager, and asked for my local cash machine to be serviced - I'll be back a lot!

(Thank you Annabellas also for making the experience so do'able and unscary - it's something you do so well.)
