As previously reported.

The Lady:

Brit, extremely attractive, 20 something, dark blonde, tall, slim, some body art, fully shaven between the legs, warm and extremely friendly in a natural (as opposed to a professional) sort of way.

The Story:

The blurred photos on her profile were sufficiently revealing to persuade me that I would find her extremely attractive. And in this case, the camera did not lie.

She was so warm and friendly that I really enjoyed being in her company as conversation flowed easily between us. I'd also enjoyed a quality GFE - owo (her techniques was excellent), fk which mutated to dfk when emotions became aroused, reverse oral (she was extremely clean), a foot job (she is very proud of her feet which are beautifully formed and maintained) and once covered up a lengthy session in the missionary position (pretty rare for me as I normally only go in for a few seconds if I bother to go in at all). The climax was inside her (extremely rare as I normally prefer a cim finish but will make do with a hand job in the absence of this). Incidentally, she said she didn't do cim but, as it's not listed on her profile as a service she provides, I wasn't bothered.

I planned, as usual, to finish 5 minutes before the end of my allotted time which I succeeded in doing but much to my surprise she'd offered to massage me for a few minutes until my time was up. This was one of the very few occasions at HOD or the sister establishments where I got my full half an hour of action - Lauren was in the room very soon after my arrival, in no hurry to leave at the end and saw me to the front door saying goodbye with a kiss.

All in all, this was one of the most enjoyable (perfect even) sessions I've had with any lady in the HOD group though she did hint strongly (most flatteringly in fact) to the effect that the chemistry between us enabled her to give her best. I departed feeling on top of the world having arrived feeling like rubbish.
