### The Premises:

Residential area near xscape. Parking in the street outside easy and free. Rosie will advise when to come to the door. This is to avoid meeting other girls or customers Rosie advises me which is sensible I guess. Rosie's room is clean, tidy and very pleasant. There is a shower by her room though I have not used it as I always shower prior to a visit.

### The Lady:

Rosie is very much as she describes on adult works. She says she's a size 16...which is about right certainly no larger. She is not a bbw...just a curvy girl...great legs...round but not fat bum and average height...5'5" ish. She has a pretty girl next door look...lovely blue eyes..shapely lips...short dark hair. She does have something extra special to offer...her kk cup breasts. They are round ...full..heavy..and like nothing else I have handled. I love big boobs and handled a few in my time but nothing like this. If you like it tits you will not be disappointed i can assure you. I have noticed that Rosie doesn't post strong images on her page...you get a hint that she is busty... she says kk cup... it's only when you see and feel them you know we are talking very very big.!!!

### The Story:

I have perhaps seen 5 different girls over two years...two awful and I walked away..and three that were fine..one has stopped working....one i can review...and Rosie that I saw today and have seen several times....hence this review. As usual and as for today...nice kiss welcome...we chat easily..I pass Rosie some cash for her time...that's never awkward..it is what it is..on a longer meet we chat more but it is always light hearted...I ask Rosie to get my cock out whilst she takes her robe off to reveal her lingerie...today a tight black body dress with her tits barely held in...she knows exactly what I like. As it was a short meet I would choose not to have sex anyhow...a good suck and finish off over her boobs or in her mouth. Today...over her boobs...hard to resist tbh....!! My little weird fetish is I like girls in their knixs...I gave her a pair I bought specially...and as usual she had them on today for me. Can I draw on any negatives on any of my visits. Not at all. Always ready... presented well..clean..fresh...friendly..a true girl friend experience. I suppose at £80 half and £150 an hour she is not cheap..that said...when I have gone cheap a couple of times... it's been a disaster. I guess as I'm a regular...if it was a bit more affordable I would no doubt visit more often...but I'm not a haggler...and I respect the girl needs to make a living like I do. Lastly I visit Rosie for a few reasons....yes the big tits....that's what made me visit in the first instance...now it's that I know the standard is high... friendly..dresses up...and the best suck I've ever had off any woman and I'm 53 years old. Suspect I will continue to visit again and again. Recommend...sure..100%....if she's your

type..some like slim...small boobs etc...that not her...but if you like the busty girl next door.... she's excellent.
