The Premises:

Apartment in the city centre. Nice and tidy but full of other girls and another client in there which made me feel uncomfortable.

The Lady:

She looked nothing like her pictures. So when I got home I google searched her image and found her on an escort agency based in New York City lol. I feel cheated as the girl was much bigger and nothing like the pictures.

These is the original pictures that were stolen:

The Story:

Was offered a glass of water or wine. I decided to have a glass of wine as I was in a state of shock. I am extremely unhappy that I walked into a brothel premises instead of an upscale private premises as described. She wouldn't do OWO unless I paid £20 more when I was told that this was a fixed price. I decided to leave after 20 minutes as she was overall robotic and she looked tired and she was complaining that she was late for her next client.

Absolutely never again. I will be updating the hall of shame for fake images. Never again.
