The Premises:

Flat on a fairly busy junction, but the outer door is open so no knocking and standing waiting on the street. Shower available but I didn't use it. Plenty of street parking available, safe location.

The Lady:

Slim coloured lady. The site photos are accurate, except for the face which is obscured, and the age which is several decades too low.

The Story:

Decent enough rub down, blow job and shag in cowgirl and doggy, the usual basic service at Honeypot. Lady is friendly and chatty and not willing to cut the time short. The reason for Not Recommended is the description of her being in her 30s. Well I'm sure she was once. But now I think it's her daughter who is in her 30s, not Amber herself. She's much older than I was expecting. I don't see why sites describe ladies as being considerably younger than they really are; it does them no favours; those guys who like older women won't go, and those of us who like younger flesh go but then leave negative reviews.
