The Premises:

Angel Abby works in a nice little pad in Paddington. In fact, the best tube station is Paddington station too which is very handy.

I didn't make myself too conspicuous and entered the property from the street at the front.

Inside, the place was quite cosy and I decided to have a shower before we got down to business.

The shower was clean and the towels were fresh.

The Lady:

I'm a man who particularly likes his Spanish ladies so that was one of the main reasons I picked Angel from the website. I love that Mediterranean skin and that jet black hair – it turns me on in a big way. She has a nice face, a fun personality and a nice body with a particularly inviting arse.

The Story:

I would say her photos on the agency site are pretty accurate and she really seemed in the mood on the evening. When I stepped out of the shower and went into the room I got the feeling she was even more up for it than me!

Apparently, Angel is great at domination but I like to take control and, before she knew it, I had my length right down her deep throat. This is also one of her specialities and she is one of those few women who don't gag. I have to say that I absolutely loved it – it was a luxury oral experience.

Angel is only 22 and believe me her pussy is as tight as hell. I could have happily rammed her all night long. She took up the cowgirl position and the pleasure was unbelievable for both of us. She demanded cob and I was happy to oblige – fantastic orgasm.
