The Lady:

Christine is very attractive and pleasant. I asked her to sport latex and she rocked the outfit from her web-site. Christine not only knows what she is doing, but I genuinely felt at ease and she made me feel like I could tell her anything without feeling embarrassed.

The Story:

Christine was very relaxed as we chatted and discussed the more intricate details of the booking - I opted for tie and tease with poppers involved. Christine got me on my knees, I had a bondage belt fastened around my waist to which my wrists were attached at my side. Secured in this manner I was ordered to lick Christine's boots. During this Christine explained I was her property and started to play with my cock, getting it hard. This too, she explained, was her property. Christine unshackled my arms, tied me to the bed, and proceeded to sit on my face so I could worship her wet clit. After some poppers, Christine stuck a toy up my arse and my highlight: a cock gag upon which Christine impaled herself. What a sight! I was finished off with a delightful blowjob with a toy in my arse whilst flying on poppers. My best experience yet and I'll be back to push my boundaries with Christine soon.
