The Premises:

A private flat on a busy road close to Paddington station. It was very modern and clean inside.

The Lady:

A large breasted (38FF) Romanian girl.

The Story:

I knew when I made the booking I'd be seeing a larger lady. That was ok because I was only interested in a hand job and to enjoy playing with a large pair of breasts. The latter was ok. They were indeed very large and she had very prominent and suckable nipples.

The downside was she was quite strident, almost a fem dom. She also kept mentioning her sister and the possibility of her joining in. I didn't actually see the girl in question. The main problem was no matter how many times I protested she would insist on me gripping too firmly and masturbating me very vigorously. I guess she thought that was the way to bring me off in quick time, but it actually did the opposite. I ended up doing it myself and shooting over her breasts.

I've had a few similar punts and I think it is time to return to seeing girls with slimmer proportions.
