The Story:

I have thought long and hard about writing a review about my experience I've decided that I should put it to writing. Elizabeth is the first escort that I have ever had the pleasure of seeing. Once I stepped into the premise I saw her smiling at me when I entered and I couldn't believe my eyes. I was then ushered into a cozy and warm bedroom decorated with black and white portraits of Marilyn Monroe and Audrey Hepburn.

As Elizabeth entered the room, she could immediately sense my nervousness and was quick to reassure me with a kiss. After we got comfortable with each other, we proceeded to undress. Passionate kissing ensued; she is the kind of girl that you want to treat well. Elizabeth has perfect boobs (didn't understand why she said they were small) and an even more amazing ass.

I was happy to go down on her first as she smelt divine. If I had more time I'd eat her out for hours. She then reciprocated the favour and gave me amazing oral. She rode me after and we then changed into a few positions. With me finishing in a 69. She let me CIM without me asking.

After washing up, she cuddled beside me and we made light conversation and gentle carressing, true GFE. I like her playful light nibbles on my shoulder and that playful smile. We talked about our likes and dislikes and Elizabeth mentioned that she specifically dislikes smokers (so gents of you do decide to visit her please get a take a few mints and refrain from smoking during your appointment).

With 5 minutes left to spare, the sight of Elizabeth made me hard again and I attempted to jerk off to her divine body. However, my nerves got to me despite her encouragement and I stopped. She assured me that it was okay.

We did not rush and we took our time getting dressed. The appointment ended with a passionate kiss goodbye. Priceless memories.
