### The Premises:

I have seen Sasha many times. This appointment was in a luxury hotel in Zone 1 London (Victoria) near to public transport links.

### The Lady:

A lovely warm and friendly lady. Great personality with a stunning body. Large breasts and great legs in stockings and high heels. Made me feel at ease immediately with a cold drink and made the effort to hang my suit in the wardrobe. A shower was offered, which I took, with a selection of quality male grooming products were available to use.

### The Story:

This was my third visit to Sasha (based in Brighton but tours in London on Fridays). I normally take a two hour appointment but time was pressing hence only the one hour booking. Once again a truly wonderful time. Sasha was dressed as requested (figure hugging blue dress with stockings and very high heels). A very satisfying booking with Sasha including a great Nuru massage which started in the shower which gave me a taste of what was to follow (my previous visits have included a great GFE experience). This one hour booking went far too quickly. Sasha may not be the cheapest but high quality does come at a price but she is definitely value for money in my opinion. Will go for a two hour slot the next time I book this wonderful lady.
