### The Premises:

Annabella's as usual. This is the flat nearer to the station. Interestingly though, I was shown across the corridor into another flat, which I have never been in before. Well-appointed and very comfortable.

### The Lady:

Becky is a very pleasant lady. As described in her profile, although she claims to be only 30. I'm not entirely convinced of this though. Naturally busty, although not so firm. A smoker, which can be off-putting for some and not my most favoured.

### The Story:

This was Becky's first day. She was understandably rather nervous and just getting to learn things. My time with her was pleasant enough and I suspect that with time, she may prove to be rather popular. She was very approachable and amenable to any of my suggestions, which she must get credit for. There was no kissing, but this may be because I did not instigate it, as I detected she was a smoker relatively quickly. Her oral skills were gentle and I was informed that extras were available, at an extra cost, of course. I declined, although I could see that these may be appealing. OWO was included in the basic cost though, so this was more than enough.

It's been a while since I have been to Annabella's, as I had become somewhat disillusioned with the establishment, having experienced some rather sub-standard services. I liked their prior place up by the shopping centre, but this new flat more than made up for that. I hear that they have other places far out in the theatre district, which does not sound appealing.
