If you visit the website you can see several pictures of Georgia. They are correct and she does look this good when you meet her in real life. A great figure, a gorgeous pair of boobs and everything else in perfect harmony, a real stunner

### The Story:

I was visiting London for a meeting on the Monday morning and decided to travel up on the Sunday and have a fun evening with a pretty companion. I had not done much research but followed a link for Allure from punternet and made a note of their phone number. They appeared to have some gorgeous looking girls and some of them were even English. On arrival in London phoned the agency and it was easily arranged a Dinner Date for 4 hours at my hotel with a girl called Georgia. I was told I would not be disappointed.

We met in the bar and went up to the room to hand over the cash and have a drink, she slipped off her coat and she was gorgeous a beautiful woman with a great figure. We chatted and went down to dinner, the dinner was a mess but that wasn't her fault the restaurant was useless ( read that review on tripadvisor) We kept our humour through it and soon returned to the room where the fun began.

She was wearing some very nice lingerie in my favourite colour, and a wonderful pair of boots which she kept on. She took the lead and I was enthralled, a totally amazing experience. Everything I could wish for was on offer and I took advantage to my limited ability. Our time together passed in a glorious blur.

I am an older guy who has in the past met a few escorts but she is by far the best I have ever seen. Yes I know she is expensive but she is so definitely worth it, you do get what you pay for and I have been left with some wonderful memories. Can't help but recommend her to the discerning older guy, a perfect dinner date and companion.
