The Premises:

A stone's throw from West Kensington station. Usual HoD style and standard.

The Lady:

Profile photos provide a good indication of what to expect: 20 something, blonde highlights, slim - medium build, average height, large breasts, very pretty in a girl next door sort of way, reportedly and conceivably Spanish in appearance but in reality can be from anywhere in Europe or Latin America, closely cropped pubic bush, good command of English.

The Story:

I had 3 good reasons for booking Lucia after seeing her photos on HoD's website. One was her hair - Confuscius loves blondes and this includes ladies with blonde highlights. Check out her photos to work out the other 2 for yourself!!

She greeted me warmly upon entering the room and immediately initiated the action by licking my nipples one after the other. This had the desired effect of firing me up within a couple of seconds. There were also repeated bouts of fk which kept my hormones racing on overdrive - she seemed to be impressed by my habit of consuming vast quantities of strong mints immediately prior to our time together.

Her owo was truly superb using her tongue without any prompting to reach further than most other HoD ladies would venture. I also got to enjoy ro and fj. Intercourse was at her request and I opted for the missionary position. After a couple minutes of this, I sensed that it was getting close to the time for finishing. I asked whether she'd do cim and she responded that she would do but she didn't really want to that day. I didn't want to do anything that she didn't want to do so I asked for a hand finish instead. This was accomplished while enjoying more fk and was highly satisfying.

As we said our goodbyes, she said she'd really hope that she'll see me again before she goes home in 4 weeks. While this was almost undoubtedly a pleasantry, it still went down well and I'll taking her on up on it.
