The Lady:

Definitely not as described in advert. Only thing she had going for her was a good figure. Slim waist and chest to complement.

The Story:

I saw this advert online and decided to give them a call. Was answered by a gentleman called Anthony who assured me girl was as per pics and could speak English and urdu/hindu fluently allowing me to believe that they are genuine Indian.

I was given a deal of 4 hours for 250 which I thought was very reasonable so agreed and in 30mins the girl arrived at my hotel.

Imagine my disappointment when the girl arrived and was nothing as described not only that she came with 'driver' I felt intimidated and had to pay so paid. Then the driver asked for 20 more as taxi fare so gave that too. Then he goes give the girl 20 more for taxi on way home so gave that too. He then proceeded to take a box of cigs of me and left me with girl.

The girl I quickly realised was a romanian gypsy type. From what I could see she only had one white tooth. The rest were either dark brown or gold.

Not a surprise she couldnt speak urdu/hindi She could not even speak basic or broken English.

As you can imagine I was very put of by this but figured I paid for it so may as well have some fun (worse case I close my eyes and imagine someone else).

She proceeded to undress and my God the smell that came off her almost had me faint. Not one to back off so easily I said to her we have four hours why not start of with shower.

After much sign language and extremely broken English and with help of Google translate she managed to tell me I only have her for two hours.

At this point I figured I may as well get a massage if not anything else, again what a failure so after about 30 seconds I told her to redress and get leave.
