### The Premises:

I walked a stride of pride past two long lanes of idling traffic into a warm, clean and tidy premises. The receptionist was polite, discreet and attractive (I wonder if she could ever be persuaded to 'entertain'?). I thankfully never came into contact with another visitor. The only negative aspect of my visit was the constant loud banter/footsteps right outside the door of the wet room as I was trying to enjoy a nuru massage.

### The Lady:

The photos don't do her bum justice, the sight of her nude from behind is something I would have paid a lot to be allowed to photograph. Apart from her hair (which was shorter when I visited), her photos on the website are pretty accurate.

### The Story:

I won't go into too much detail. I opted to go for a nuru massage followed by an 'all-in' hour in the executive suite. This was my first 'punt', but Katrina put me at ease very quickly and more than exceeded my expectations. Two hours wasn't nearly enough time! Thank you Katrina, I'll likely be back before too long.
