### The Premises:

Nice secluded place. Has parking place. Close to Santander house. Shower and Bathroom are clean. The place is an apartment complex. The agency has acquired the whole floor so there is good discretion.

### The Lady:

Very tall. Around 5ft 9in as mentioned in the reviews. Not overweight but not super trim either. Apparent age is 27-29 though website says 24. She matched her pictures only in height. The face is not shown in the website so it's hard to tell if it is really her. Either the photos in the website are heavily photo-shopped or it belongs to her when she was younger. The best part are the boobs as other reviews have said. Her butt and legs are not in the best shape. Overall face is 5/10 and body is 7/10. Attitude is 7/10.

### The Story:

I was greeted by a lady who took me to a room and asked me to wait. After a few minutes, Angel walked in. Tall, sexy but not very pretty. A little turned off but still excited. She undresses and I start playing her amazing boobs. The turn-off point was when we started kissing. It was an okay making out session. She was not really into it. I asked for an OWO which was also average. She rode me first and then we reversed. Finally, I took off the condom and jerked off in her boobs.

I am being a little harsh I think because she was really nice to me. However, I am disappointed because I was expecting something similar to the pics on the website. I understand that this is a job but one has to be a good actor to make it feel real. May be I will go again with lower expectations considering it is only 60 quids for 30 mins. I have been with better WGs who make you feel like they want you. This X-factor was missing here. My overall experience was a 7/10.
