The Lady:

Very different to in her Photos. Photos depicted a slim natural Indian / Arab girl. The real thing was quite different. Quite possibly the same girl as in the photos but with a lot more timber and a few years older. To say I was disappointed is an understatement.

The Story:

I booked Amita as a spur of the moment thing as I was around on business. She seemed a bit different to the norm, so I went for it. Booking was easy, she was with me in half an hour. She called me and asks me to come and pick her up outside the hotel. Not ideal, but ok. I got outside and I'll admit I didn't think it was her at first, the girl on the website claims to be a leggy size 8, but the girl standing before me was a short dumpy 12 at best, she was dressed as indiscreetly as possible as well for a hotel visit, so it was at this point I considered biting the bullet and stumping up the cancellation fee of £60. I wish I had but Sadly my cock got the better of me. I then had to escort her through the lobby with her boobs practically hanging out of her outfit. The lift journey (up only 3 floors but with 5 teenage lads staring at me and her cleavage knowingly), was perhaps the longest of my life. After some idle chat we got down to business. She gave me a nice deep OW BJ which got me really hard actually! I then took her in a few different positions, it lasted about 15 -20 mins but she didn't really turn me on after the BJ, and I was only ever really looking to get my money's worth. I paid for an hour but only used half. She's was a really lovely girl and we had a chat after, she was aware that I was a little disappointed, but was very professional about it. Im not a regular at this but when I do to it, I usually book AW girls who don't have professional pics, after this experience I see no reason to change.
