The Premises:

HOD 2 near Victoria station. Had to wait in the wash room until the other punter left.

The Lady:

One positive was her plump natural breasts, but she was not as thin and toned as per her polished photos on site.

The Story:

Alyssia is welcoming and talkative, but that's about the positives there are, beside the ones noted above regarding her looks. Kissing was limited to tight-lipped pecking. She only offered OW and not OWO as listed on site. In terms of RO, she insisted no tongue inside or around her pussy, except on the upper part of her lips, which reduced the whole experience into a light licking making me bored and disinterested, wondering whether she was truly from a latin country or rather not so distant European area from which all HOD staff seem to relate with the same service limitations.
