The Premises:

General location is upmarket. Precise details have however fallen into the memory hole.

The Lady:

Plain heavysset Indian girl in her mid/late 20s.

The Story:

Rule 1 of punting: Tineye is your friend.

Rule 2: See Rule 1.

With hindsight the website picture on the agency website was an obvious fake as five minutes using Tineye would quickly have revealed. Turns out it is of an Indian model called Disha Patani. But stupidly I allowed myself to be misled by the presence of various other genuine escorts in the gallery, so I failed to take the obvious precaution of doing the Tineye search before rather than after the punt.

Having already swallowed the little blue pill I stayed anyway but left afterwards with that miserably familiar "why did I waste my time and money?" feeling. Avoid unless you like your Indian girls plain and chubby.
