Alyssia is a stunner. Very nice face, amazing body with no tattoos, immaculate skin and an absolutely perfect breasts that I just can't forget.

The Story:

I have mixed feelings about this visit if I am honest. As part of the advent Twitter offer I booked Alyssia for the reduced price of £40 for 30 minutes. She had no reviews and at the time only a few photos that made it difficult to really get a clear idea of her looks but thought it worth a gamble for the price.

When I first saw Alyssia I was relieved to see that she was a beaut! She wore a very sexy one piece lingerie. She greeted me with a hug and some very light kisses. Alyssia really isn't a kisser and during the entire visit I think I was able to get a little peck 3 or 4 times. This was very disappointing for me as a lack of kissing spoils a visit. To be fair, she doesn't list FK as a service she provides.

Once we were both naked I asked her to sit on my lap which she did in a reverse cowgirl style. I wrapped my arms around her and will remember cupping those amazing boobs from behind for a very long time. Next, over the lap for a little bit of spanking. Alyssia was happy to do as she was told although it all felt a bit robotic.

We went on to covered oral (owo not a service available) followed by some 69. Again, all very good really but a tad robotic. Once I moved her off my face she didn't seem to want to move on. I had to literally spell out what was coming next.

I asked Alyssia to climb on top of me first of all. She duly obliged and I set about pounding her pussy vigorously. She made all the right noises but always kept her face away from mine to avoid any attempts to steal another kiss. I really don't like it when girls do this. After about 2 minutes she asked if I was ready to cut. WTF? Nowhere near I'm afraid. She said it was a bit uncomfortable and

asked to switch positions. No problem, just ask.

I put her on all fours and set about pumping her from behind. Again, she made all the right noises to start with but soon enough she complained that I was giving it to her too vigorously and asked to switch to missionary. While I do like to give a decent seeing to, I don't like to hurt the girls so again, I agreed.

We continued in missionary for a while. Alyssia agreed that when I was ready I could cum on her body. When the time came she covered her face and I unloaded all over those perfect breasts. Happy days.

We chatted for a few minutes before I left and she told me that she'd been fully booked all day with no gaps between punters. No wonder she was sore. She also told me that she had one more that day and it's safe to say that she wasn't looking forward to it. I did feel a bit sorry for her but that's the job I guess. The poor girl was clearly all shagged out well before my visit. She was nice enough but more of a warm sex toy than a GFE or PSE.

No I would not see Alyssia again. I have no real complaints as such. She had an amazing body (did I mention those fantastic tits?) and did the services listed. I don't know if it was down to her being so tired or if it's just her way but she is not the most engaging girl I have seen here and there are many more willing ladies to go and see. Not bad for £40 though.
