The Lady:

She looks more Romanian than Turkish. Pretty and nice body. Doesn't really look like her photos, but she is attractive.

The Story:

She started a bit sexy and I thought it was going to be fun. But, then she didn't really provide OWO, only a lick and small suck here and there with lots of hand movement. After realising it was going nowhere, I asked for a cover and she said she was sore, so she positioned her legs to prevent any movement or much access. Clearly it was worthless, so I asked for BJ to finish. She did for two seconds and then asked for me to just do breast relief. Her profile makes her seem adventurous, but she clearly is not.
