The Lady:

Gemma is lovely: very pretty, long light brown hair, bright eyes and a nice smile, medium height, slim but with delightful curves. She's quite well-spoken, to the extent that when one first meets her a doubt springs up in one's mind that such a nice young lady might not be so very inclined to naughty activities. But Gemma seems to really enjoy sex, both giving and receiving pleasure.

The Story:

I've previously seen Gemma a couple of times in a duo with Louise, but she has been on a break from escorting for a good 18 months. When Pat, the agency owner, informed me that Gemma was escorting again I arranged to see her.

Gemma came to my hotel room and we had a drink or two to catch up, Before Gemma went into the bathroom to change into her schoolgirl outfit. We indulged in my usual role play fantasy – Gemma is a bad girl who is failing her school grades, and I am her teacher giving her a test where for each question wrongly answered, and in order to avoid being expelled, Gemma removes an item of clothing, or provides the teacher with a kiss, or, as things progress, other naughty favours.

Thankfully Gemma failed the test so she was soon naked except for her stockings and on her knees providing me with OWO in front of my –unfortunately rather narrow – bedroom mirror. Gemma then undressed me and we moved onto the bed. Gemma kisses delightfully, and things became passionate quite quickly, leading to a long and memorable session of 69. Gemma has delicious full breasts, and at the end she lay back smiling up at me as I caressed them before coming all over her chest.

We had time afterwards for more chat and cuddles. Gemma really is special, and I will most definitely try to see her again on my next trip to London. Currently she has no photos on the agency website, and just takes longer appointments; but she may extend her escorting hours in the future depending on how that fits in with her private life. It's certainly worth checking with Pat regarding her availability, as she is a super girl.
