The Premises:

Nice flat in a nice building

The Lady:

Reasonably petite, Eastern European/Russian, early-mid twenties. No make-up so slightly worse than photos but close enough.

The Story:

Not a good service provider at all. She made it clear that she did not speak well, than after the obligatory exchanges and showering, she progressed to do a small ritual of disinfection. Her oral (UC) was ok though mechanical and then when the condom came on, she simply just lay there. The second time round it was even worse, no movement no interplay nothing, I stopped as I was getting annoyed, politely made my excuses and left.

I have seen a number of women over the years and her lack of desire to provide even a basic service is not a good thing at this price range. I have seen ladies by the same agency that are so much better. This is what is frustrating.

Anyway, Admiral (and all the others that have her up with other names), not good casting in this case.
