The Premises:

As described by many others.

The Lady:

Both ladies are beautiful facially. Ruby has enhanced breasts whereas Nadia's are perky and natural with extremely sensitive nipples. The photos on their respective profiles are more than accurate - they could have been taken that morning!

The Story:

Both girls entered the room on time, dressed in their Christmas attire and were very giggly with each other, perhaps it was their first session together yesterday but it set the tone for a wonderful hour.

They started kissing each other immediately before Ruby turned her attentions to me kissing me passionately with plenty of studded tongue action (Nadia doesn't kiss but I only realised this later!). When Ruby came up for air she suggested that I take off some clothes and then she pushed Nadia onto the bed and proceeded to start eating her pussy as if it were her last meal!

After Nadia had cum they encouraged me to lay on the bed and they turned their oral attentions to my cock. Having these two work their mouths up and down your cock simultaneously is something that every red-blooded man should experience at least once in their life. The whole hour was spent in oral appreciation of one another and I couldn't have been happier as each of them took turns sitting on my face and they enjoyed multiple orgasms while continuing to lick and suck my cock at the same time until I blew my load into Ruby's mouth.

Nadia is away now for a few weeks and I hope to see Ruby solo while she is away as we have some unfinished business...but I will see them together again for sure!

I should mention that I created this account for the sole reason of praising these two stunning ladies but now that the account is active I suspect it will be used again and again.
