### The Lady:

Drop dead gorgeous girl in her early twenties. Fantastic slim body, nice tits.

### The Story:

Arrived at flat and rang entry phone, nice safe and discrete.

I was shown into the room where the girl was waiting for me. I knew straight away this was going to be a good punt. She was lovely to look at and smiled as I said hello.

I completed the paperwork and the girl left to dispose of the money giving me time to disrobe. On her return I ran my hands over her and pulled her panties down feeling her buttocks and kissing her belly.

I turned her around to nibble her bum then pushed her onto the bed face down. I buried my face between her cheeks and licked her bum and vag.

Turning her over I lifted her legs high and got to work on her clitty which she made available by pulling her hood up for me. Within five minutes I'm sure she orgasmed, quietly and discreetly.

Time to enter her so on with the condom and into her nice tight wet pussy, filling her and making her gasp as I hit her cervix. I built up speed and banged her really hard until I was ready. Pushing as deep as I could I stayed right up her and kissed her as I blew my load into her.

Not many girls get a second visit from me but this one definitely will.
