The Lady:

Great looking lady and reflects the photos.

What you don't get from the photos which look rather severe is how relaxing and amusing Amelly is, putting me immediately at my ease. She is in great shape and knows how to make the most of her body.

The Story:

Before we started I explained what I would like and she readily agreed to all my requests, claiming that she would really enjoy each of them. We started with some role play in the requested outfit and then moved through some great positions ending up with a wonderful climax. I am already looking forward to my next visit!
