The Story:

Serenity is a curvaceous stunningly beautiful mature woman. She is the complete package, long hair, dark brown eyes and luscious lips, crying out to be kissed. She is an incredible sight in her sexy lingerie and heels and she has an intoxicatingly sensuous and sexy presence. She likes to take things slowly and tantalised and turned me on with some red-hot moves. Her body is perfectly proportioned and her skin is beautifully soft and exploring it was a heady sensual pleasure. She makes great eye contact, is a fantastic kisser and just consumes your senses and I was treated to an erotic feast, which I enjoyed thoroughly. If anything, I was probably a bit too eager to get to the main event, but when I return (which will hopefully be soon) I will definitely be more laid back and more in tune with Serenity's delightful samba beat.

We had a good chat and a bit of fun and I left with a spring in my step and a smile on my face. I am sure that the experience will get even better, the more you get to know Serenity and the more comfortable she is in your presence and I cannot wait until I have the chance for a repeat performance
