The Premises:

The premises have been fully refurbished, decorated and furnished and are clean smart and above all - discreet

When you leave if you need a cab - no problem - if you are feeling peckish - plenty of choice - You are only a hundred yards from Middleton town centre, but you are on Old Hall Street, the back entrance, so no problem if you want privacy and anonymity.

The Lady:

Kim is a mid thirties blonde pocket rocket who is well experienced and enjoys what she does. She has only recently started here, but she is excellent in everything she does and is guaranteed to out perform anyone else sharing her shifts.

GFE / PSE this is your girl! she enjoys a wide variety of action and will look after most every need you may have. She will quite happily work with other girls on shift with her, and may well teach them a few tricks of her own as she does.

The Story:

I have been a client of this lady for some time so we know each other's likes and dislikes well. By the time I had shed my clothes she was waiting for me with her top down, well, what better invitation could a man have? 34DDs on a tiny frame - just bloody gorgeous and definitely a pair of BSH's (British Standard Handfuls) but leaving the rest of the process to me. A flurry of stroking, kissing and fondling led to the bed and to mutual foreplay and OWO as a prelude to the main event which was enjoyed in various positions according to taste. All the time accompanied by GFE experiences making the visit all the more enjoyable.

After we had finished our exertions there was the usual chat, another shower and clean up and then

out and back to my car safe across the street under the CCTV's watching eye.

Will I be back - well I keep coming back wherever she chooses to work - she's Manchester's hidden gem - don't miss out!
