Details of Service Provider:

The Premises:

Private flat about 10/15 mins walk from Canary Wharf. Bit of a bugger to find.

The Lady:

Not quite the advertised young svelte doe like Indian gazelle I had in mind but nonetheless not unattractive. Mid 20s, medium height quite slim Anglo-Indian girl with "strong" features.

The Story:

Pleasant woman who seems to enjoy what she does. Description of her as public school educated had raised expectations of a deliciously posh young lady so her brummy tinge rather shattered that illusion. Didn't really partake of the offered specialist BDSM services so can't comment on those. So overall the experience was probably wasted on me.
