The Premises:

A well-known chain hotel a short walk from East Croydon station. Easy to find and the room is accessible without lift keys or bullshit from the check-in desk.

The Lady:

Looks like she does on her Ace Escorts profile pics, even if they're a bit airbrushed. Basically, a solid EE MILF (says she is Hungarian), claims to be in her late thirties, but definitely over 40. She reminded me a bit of the actress Rula Lenska from the 1980s, which is why I fancied fucking her. Lots of thick reddish brown hair, skin is lightly tanned - probably a sunbed job - enhanced tits but pretty well done, some chunkiness around the thighs and bum but she carries it well. Fully shaved but a bit of light stubble. Sofia is, however, very well endowed. She had enormous vaginal lips and a clitoris like a baby's thumb. I was OK with this, liked the novelty, but it might put some off.

The Story:

Paid for half an hour £60. She greeted me at the hotel door, friendly enough and smiley, if English a bit limited. Asked if I wanted a shower, but I had just had one. Asked if I wanted OWO. I said yes, so she knocked me for another tenner. Fair enough.

Undressed me, which was a nice touch, and made a big fuss of my penis. She looks good with all that long hair swishing around and a cock in her mouth. Nice to get sucked at the start of the 'date'. But she resisted my attempts to undress her. Suspect she wanted to get me nearer the brink first and increase the chances of an early shoot. No chance. I took my time.

Finally got her out of the basque and went to town on those fat tits. She made the right noises. Then off with the thong. I'd suspected she might be 'packing' downstairs, as there was a visible bulge in the material. I think she noticed my surprise when I clocked the flaps. I made some complimentary noises and went in for RO. Not sure if she'd expected this, and I think she's a bit conscious of her endowments. But once I'd made it clear I liked it, Sofia settled down. Lots of slightly guttural moans and groans and a couple of times she said something in, presumably, Hungarian and laughed when I asked her to translate.

I flipped her into 69 and she lowered those spectacular haunches over my face. She's a big lass

when splayed, bigger than she looks in those pics. But I quite liked it. Like I said though, if you're not a fan of big beef curtains Sofia might be a bit too meaty for you.

Finished up in doggy and missionary. She was tighter than I had expected and did that cunt muscle trick old brasses do to try and make you cum. But I was impressed by her muscle tone. Hung on as long as I could before filling the rubber.

Some awkwardness after on her part. She looked a bit ravaged by the end, make-up smudged slightly and she dashed off into the shower while I was dressing. When she came back out, she had a towel round her waist and those big jugs hanging out, and I was half tempted to extend the punt to an hour. But money and common sense prevailed.

To sum up: a good solid fuck and I will probably visit again.
